INTERNSHIP COMPLETION CERTIFICATE

LETTER OF TECHNICAL EVALUATION & EXPERIENCE

This is to certify that **Mr. Usman Azfar** has successfully and commendably completed a formal six-month **part-time internship (20 hours per week)** as an **Artificial Intelligence & Machine Learning (AI/ML) Intern** at **Tekvill**, from **September 02, 2025** to **February 28, 2026**.

During his tenure within our **AI & Data Science Engineering Division**, Usman was an integral contributor to our core intelligent systems pipeline. Working on a structured hybrid schedule alongside his academic studies, he demonstrated rigorous theoretical foundations, analytical proficiency, and exceptional hands-on problem-solving capabilities across diverse machine learning workflows.

KEY PROJECTS & TECHNICAL SCOPE OF WORK:

- **Machine Learning & Deep Neural Architectures:** Developed, evaluated, and benchmarked predictive statistical models and deep neural networks utilizing **Python, PyTorch, TensorFlow,** and **Scikit-Learn**.
- **Generative AI & Large Language Models (LLMs):** Engineered Retrieval-Augmented Generation (**RAG**) pipelines, integrated semantic vector embeddings using **FAISS/ChromaDB**, and fine-tuned open-weight models via **Hugging Face Transformers**.
- **Data Pipeline & Feature Engineering:** Architected automated preprocessing, feature normalization, imputation, and outlier detection pipelines for handling large-scale heterogeneous datasets.
- **Model Deployment, API Optimization & MLOps:** Packaged trained models for production-ready inference using **FastAPI, Docker,** and **ONNX runtime**; tracked latency profiling and evaluation metrics (F1-score, Precision/Recall, ROC-AUC).

Performance & Professional Evaluation:
Usman consistently exhibited keen intellectual curiosity, strong mathematical reasoning, and high ethical standards. He effectively balanced his university curriculum with demanding engineering deliverables, showcasing exemplary time management, technical communication, and dedication throughout his engagement.

We appreciate his valuable contributions to the organization and wish him continued success in all his future academic and professional endeavors.
